

## Urban Gardens

An oasis of tranquillity with numerous opportunities to relax within just a stone's throw from the atmospheric and bustling city centre.

Would you like to stay in a unique way? Surrounded by greenery, but still close to the live of the city? Then you've come to the right place at Urban Gardens!

Anyone who loves camping will get the best experience at Urban Gardens Ypres. There are 3 formulas to choose from. There are camping pitches, camper pitches and tent pitches. The camping pitches and camper pitches are paved. At the pitches you can use electricity and have every comfort.

You can also book a trekking hut at Urban Gardens Ypres. This is an ideal choice if you are passing through and don't want to travel with a lot of stuff. Or if you want a little more luxury during your camping adventure.

As of June 2024 you will be able to sleep in one of our luxurious lodges or glamping tents.

Open all year round.
